

THE BLAZE 150E

Empowered by Innovative engineering

FEATURES

- ✓ Up to 14,500 CFM, 6.5" of Static Pressure allows for up to 200 feet of ducting
- ✓ 68" X 31.5" X 56" 950lbs
Able to fit through a 36" door opening
- ✓ Emergency shutdown button plus indicator lamps for Power On, Heat On, and Over Temperature. Ammeters for all 3 stages and Digital Temperature controller with remote thermostat capabilities. Fan manual over-ride and Tempered Air Mode optional.
- ✓ 60kw = 6,650 CFM
90kw = 13,100 CFM
150kw = 14,500 CFM
512,000 BTU's

Available in 600 Volts/3PH and 480V/3PH
Max Outlet Temperature=290° F

High Performance Portable Heating
Efficient, Reliable, Safe & Easy to Service

Added Features

- ✓ Operates at extremely low noise levels
- ✓ Unique High Static Fan allows recirculation of warm inside air, resulting in even temperatures and energy savings
- ✓ Durable Heating Element designed for the most demanding environments
- ✓ Ask about how our Heaters can help you with your next LEED construction project
- ✓ Forklift pockets, eye hooks and removable casters for easy lifting and placement
- ✓ Rugged, weatherproof enclosures for reliable operation outdoors
- ✓ Stackable for off-Season Storage
- ✓ Clean electric heat, free from the moisture and fumes associated with other types of heat
- ✓ Certified for use in the U.S. and Canada
